6. Community Information

Parish Council surgeries – Cllr Tucker - The first surgery was held on Saturday 23rd April in the Community Hall. Many points were raised.

- Condition of Footpath from Banks Close into the village.
- Increase in dog fouling in the village of Easington and particularly along Warmer Lane.
- Spread of grass verges onto footpaths, inhibits wheelchair users.
- Ongoing planning application from YWT, suggestion to close a permissive path along Canal Bank, inaccuracies in the recording of objections on the ERYC website and concerns regarding the public survey carried out door to door and both Kilnsea and Easington.
- Issue of anti-social behaviour in the village square.

Cllr Tucker to respond to the issues raised. Cllr Hodgson would take up the issue raised regarding the closure of permissive paths.

It was agreed to continue with the surgeries and hold them quarterly, to decide the next date at the next meeting.

7. Environmental Issues

Cllr Dr Livas-Dawes spoke about the grassed area at the end of Vicars Lane near the gas terminal and showed photographs of the verge, cars have been parking on it and caused damage, she requested bollards be placed in this area. This was discussed and it was felt that to choose just one verge would not be appropriate. The clerk was asked to look into the possibility of movable bollards.
