It is proposed that the Easington site be sold off and the capital investment will go for improving the Withernsea station and provide a vital training facility.	
3. <b>Clerks Update</b> <ul style="list-style-type: none"> <li>• Phone box at Kilnsea – Notification of proposed removal has now been received by the PC and an objection submitted, as per your request.</li> <li>• Phone box at Easington. Formal adoption contract has been received and was signed by Cllr Nicholson. The Clerk to check the PC insurance.</li> <li>• Defib inspection – New pads have now been installed. There is a problem with the box for the Kilnsea unit so the defib is currently located in the pub. The emergency services have been notified of this location and David and Adrian are happy for a ‘knock on the door’ until the box is fixed. The Clerk to investigate repair of the box.</li> <li>• Tithe Barn: Letter from the architect for the project: Many apologies for the belated response - the design became protracted by trying to agree a way forward dealing with flooding and heritage issues.
